Read how The Father Center of New Jersey helped Devon secure his future.

Devon Platt enrolled and began the workforce development program at The Father Center of NJ (TFCNJ) in October 2022. Devon was down on his luck and had been out of work for a while. He was homeless and feeling very discouraged. His employment background was in food service, and this was a great starting point. Teresa Madej is Devon's contact at The Center and the Program Manager in Trenton. Devon studied hard and was able to secure his ServSafe Handler certification. Then he registered for another class and is now working on obtaining his ServSafe Manager certification in the near future. Teresa's network of employers came into play as she had a friend who was working at Mercer County Community College. Her department offered a culinary class and Teresa helped Devon enroll.

While waiting for the class to start, an opening for a Sous Chef at the Mercer County Community College Cafe (MCCC) became available. Devon applied and got hired in April 2023. After a month, the executive chef happened to quit, leaving Devon to run the cafe alone. Devon proved himself to be an asset through his hard work and dedication and now he is officially the Executive Chef of the MCCC Cafe. We are all very proud of him and glad we could be the bridge to a successful future for Devon!
